

C-101

PROTECTIVE METALLIC GRID

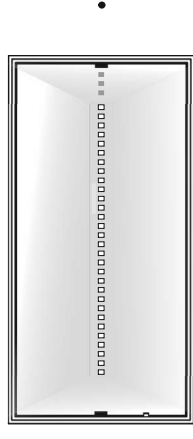

Dimmensions

Installation Instructions

1. Place the metallic grid above and at the center of the luminaire and mark the holes.

2. Remove the grid and drill at the marks.

3. Place the metallic grid and use the mounting accessories (are not included in the packaging) to mount the grid.

Compatibility

The C-101 is compatible with the luminaries of the **Easy Light Series**, **Sky Line Series** and the **Weather Light Series**.
